\* Caterpillar facilities only
(does not include dealer or supplier locations)

## Building a Better World

Since its inception in 1952, the Caterpillar Foundation has contributed more than $740 million in global communities to improve the lives of people around the world through investments in human and sustainable infrastructure. Together, Caterpillar and the Caterpillar Foundation are helping to build stronger individuals, stronger communities and stronger economies.

We're proud to be an active leader in communities where we live and work, supporting organizations like the United Way and the American Red Cross. In 2018, approximately $17,000 in Foundation giving** and $4,000 in employee/retiree giving reached worthy organizations across New Mexico.

** Including Caterpillar Matching Gift Programs

## Our Reach

We are proud of our reach throughout the state. Our dealers and other distribution channel members serve as a critical link between our company and our customers worldwide. Working together with our dealers, Caterpillar strives to build and maintain long-lasting customer relationships through value-added services designed to increase productivity and make customers more successful.

Caterpillar's supplier network also helps us build and maintain longstanding customer relationships, supplying productive and reliable solutions and providing the highest possible level of product support. We have approximately 10 suppliers across the state, generating additional jobs and growth.

Data as of December 31, 2018.

For more than 90 years, Caterpillar Inc. has been making sustainable progress possible and driving positive change on every continent. Customers turn to Caterpillar to help them develop infrastructure, energy and natural resource assets. With 2018 sales and revenues of $54.7 billion, Caterpillar is the world's leading manufacturer of construction and mining equipment, diesel and natural gas engines, industrial gas turbines and diesel-electric locomotives. The company principally operates through its three product segments — Resource Industries, Construction Industries and Energy & Transportation — and also provides financing and related services through its Financial Products segment.

## SUSTAINABILITY IN ACTION

At Caterpillar, sustainability is our commitment to building a better world. It is part of who we are and what we do every single day. We recognize progress involves a balance of environmental stewardship, social responsibility and economic growth. Our vision is a world in which all people's basic needs — such as shelter, clean water, sanitation, food and reliable power — are fulfilled in a sustainable way and a company that improves the quality of the environment and the communities where we live and work.
